ABSTRAK

Pertumbuhan penyalahgunaan narkoba dan perdagangan ilegal di dunia juga berdampak pada negara dan perkembangannya yang sangat pesat sehingga sangat mengkhawatirkan. Narkoba telah menyebar hingga ke pelosok pedesaan dan merenggut nyawa ribuan bahkan jutaan anak di tanah air karena narkoba. Kelurahan Donan, kecamatan Cilacap Tengah terletak di wilayah pesisir segara anakan dan data terbaru tahun 2023 jumlah penduduk kelurahan Donan sebanyak 27.321 jiwa dengan total jumlah usia 15-64 tahun sebanyak 15.053 jiwa tergolong cukup banyak. Penelitian ini bertujuan untuk mengetahui tingkat pengetahuan dan pencegahan NAPZA pada masyarakat di kelurahan Donan dengan menggunakan metode deskriptif kuantitatif. Hasil penelitian disimpulkan bahwa tingkat pengetahuan dan pencegahan NAPZA yaitu dalam kategori baik 95%, bersikap positif 94%, bertindak baik 92%.

ABSTRACT

The growth of drug abuse and illegal trade in the world also has an impact on the country and its development is so rapid that it is very worrying. Drugs have spread to remote rural areas and claimed the lives of thousands or even millions of children in the country because of drugs. Donan Village, Central Cilacap District is located in the coastal area of Segara tillers and the latest data in 2023 the population of Donan Village is 27,321 people with a total age of 15-64 years as many as 15,053 people. This study aims to determine the level of knowledge and prevention of drugs in the community in Donan sub-district using quantitative descriptive methods. The results of the study concluded that the level of knowledge and prevention of drugs is in the good category of 95%, positive attitude 94%, good action 92%.
